

TactIQ + Bizzell Joint Venture

SBA-Approved 8(a) Joint Venture | HUBZone Certified
Driving Mission Results for a Stronger, Safer, More Competitive America

COMPANY OVERVIEW

TactIQ + Bizzell is an SBA-approved 8(a) Joint Venture helping federal agencies execute on core American priorities: operational excellence, national competitiveness, workforce resilience, public health, and mission readiness.

We combine TactIQ’s innovation-driven technology and workforce platforms with Bizzell’s proven record of large-scale federal delivery. Our team brings agile, cost-effective solutions that strengthen government operations and outcomes — driving measurable value for taxpayers and advancing America’s leadership across vital sectors.

With deep experience supporting HHS, NASA, DOE, DOL, DOT, CMS, FDA, CDC, NIH, and more, we provide streamlined contracting pathways and trusted federal execution to help agencies do more with less — and do it faster.

CORE CAPABILITIES

- **Workforce & Logistics Solutions**
 - Federal warehouse operations and supply chain management (NASA JPL standard)
 - AI-driven workforce automation and optimization to improve readiness and efficiency
 - Recruitment and management of cleared and specialized federal talent
 - Inventory control, asset tracking, and utilization optimization
 - Streamlined government supply chains and workforce agility
- **Facilities Support Services**
 - Comprehensive facilities operations and maintenance (O&M)
 - Asset life-cycle solutions and preventive maintenance
 - Custodial services, grounds and landscaping, HVAC, electrical, and plumbing services
 - Fire safety systems inspections and compliance
 - Waste management and recycling programs
 - Integrated pest management and health and safety SOPs
- **Facility Security Systems Support**
 - Proven facilities management support for State Department, NASA, and multiple HHS/DoD customers
 - Health & Scientific Communications
 - Public health campaigns that protect Americans and enhance community resilience
 - Crisis communication strategy and execution (COVID-19, national emergencies)
 - Scientific research dissemination, technical writing, stakeholder engagement
 - Clear, results-driven communication aligned to agency missions and public trust
- **Program Management & Consulting**
 - Program design, management, and operational consulting focused on efficiency and performance
 - Gap analysis, training, and workforce development to strengthen American talent pipelines
 - Technical assistance for mission-critical programs across HHS, DOE, DOL, CMS
- **Technology & Innovation**
 - AI-driven platforms that optimize government workforce and logistics performance
 - Cloud migration, DevOps automation, secure application development
 - Data engineering, dashboards, analytics, and federal performance reporting
 - Systems integration and software solutions built for government compliance and scale
- **Conference & Event Support**
 - Large-scale event management with operational precision and fiscal discipline
 - National conferences (5,000+ attendees) with full-service logistics, marketing, and speaker support
 - International and federal event support aligned with U.S. agency goals and priorities
- **Administrative & Business Support**
 - Administrative services that enable leaner, more effective federal operations
 - Acquisition management, business process improvement, document management
 - Full contract lifecycle support with a focus on accountability and audit readiness
- **Administrative & Business Support**
