

TactIQ + Bizzell Joint Venture

**SBA-Approved 8(a) JV | HUBZone Certified |
Delivering Proven Federal Solutions with Streamlined Access**

DRIVING MEASURABLE MISSION RESULTS

TactIQ + Bizzell is an SBA-approved 8(a) and HUBZone-certified Joint Venture that enables federal agencies to strengthen operations and achieve mission priorities faster. Through the SBA Mentor-Protégé Program, our JV offers agencies the best of both worlds:

Streamlined access to sole-source and set-aside 8(a) contracts through TactIQ's certifications.

Scale, credibility, and proven delivery with Bizzell's record of securing over \$1 billion in federal prime contracts.

Agile execution capacity powered by TactIQ's HUBZone workforce and AI-driven logistics and workforce solutions.

Together, we deliver federal-grade performance that improves efficiency, reduces risk, and enables agencies to do more with less.

INDUSTRIES WE SERVE

- Defense & Aerospace
- Health & Life Sciences
- Education & Workforce Development
- Energy & Environment
- Cybersecurity & Technology
- International Development
- Transportation & Infrastructure
- State & Local Government

EXPERTISE

Behavioral Health & Public Health Programs

Advancing national behavioral health initiatives, crisis response, and evidence-based prevention campaigns.

Children, Youth & Families

Supporting child welfare, family strengthening, and workforce pipelines that improve outcomes for future generations.

Strategic Communications & Outreach

Delivering clear, mission-aligned communications, stakeholder engagement, and technical writing across HHS, NIH, and CDC.

Conference & Event Logistics

Managing large-scale federal and international events (5,000+ attendees) with precision, fiscal discipline, and full-service support.

Data Analytics & Evaluation

Providing program measurement, performance dashboards, and advanced analytics to guide decision-making and compliance.

Facilities & Operations Management

Executing federal O&M, safety compliance, asset management, and warehouse operations to mission-critical standards (NASA JPL).

Global Health Security

Strengthening pandemic readiness, research dissemination, and international health systems capacity.

Human Capital & Workforce Development

Recruiting, training, and managing specialized federal talent, with AI-driven workforce optimization.

Program Investments & Managed Services

Enabling sustainable delivery of government initiatives through optimized resource management and continuous improvement.

Research, Technical Assistance & Training

Supporting federal agencies with applied research, best practices, and tailored technical assistance.

Technology & Innovation

Deploying AI, cloud solutions, and compliance-ready IT systems to modernize government operations.

Workforce Innovations

Leveraging HUBZone labor, automation, and innovation-driven staffing models to expand capacity and efficiency.

SELECTED FEDERAL PAST PERFORMANCE

- **NASA JPL:** Managed 30,000+ sq. ft. warehouse operations, delivering mission-critical logistics and inventory optimization.
- **NIH & CDC:** Led national COVID-19 crisis communications and public health campaigns reaching millions nationwide.
- **DOE:** Delivered workforce development programs to strengthen technical pipelines for mission-critical operations.
- **DOT:** Provided acquisition and administrative support to the Office of the Secretary, improving efficiency and compliance.
- **HHS & State Department:** Provided integrated O&M and facilities services across multiple federal sites, including compliance, maintenance, and asset optimization.
- **NABA:** Delivered a 5,000+ attendee national conference, providing full-service logistics, communications, and event support.

WHY AGENCIES CHOOSE OUR JV
